

Nominate a DHS manager for a Best Practice Leadership Award

DHS employees are encouraged to nominate a manager for a Best Practice Leadership Award. This annual award recognizes three DHS managers—a central office manager, a child welfare manager, and a cash assistance manager—who have implemented an innovative, creative and successful best practice in the workplace.

This is an opportunity to show support for a manager's idea that resulted in measurable improvement, or made a positive and measurable impact on employees, clients, regional partners or the community.

The submission deadline for the Best Practice Leadership Award [nomination applications](#) is Sept. 15, 2012. For complete details, visit the Best Practice Leadership Award [home page](#).
